OLSON COMMUNICATION'S 2014 HOLIDAY EVENT

JANUARY 27TH, 2015

Warm amber lighting casted tropical leaf patterns within the office and created an enchanting night for [Olson Communications](#). Each year, the event reflects travels and worldly inspiration curated by the owner. The guests entered into a world of Turkish delights. They were greeted with visual flavors of sky blues, glistening gold and warm ambers. Flowing fabrics created a Cabana type structure accented with water wave reflections - enhancing the theme of "Festival of Turkish Delights".

An existing conference table became a stunning Grand Bazaar of a Turkish foods by Entertaining Company. A sign reading "Festival of Turkish Delights" hung over the table, which was surrounded by an array of Moroccan lanterns and richly colored glass, setting the ambiance for the night.
